REMARKS/ARGUMENTS

Applicants would like to correct two typos in claims 35 and 40 of the present invention, which merely embody **the correction of formal matters** without changing the scope of the claims.

According to **37 CFR 1.312 Amendments after allowance**, "After the Notice of Allowance has been mailed, the application is technically no longer under the jurisdiction of the primary examiner. He or she can, however, make examiner's amendments (see MPEP § 1302.04) and has authority to enter amendments submitted after Notice of Allowance of an application which embody merely the correction of formal matters in the specification or drawing, or formal matters in a claim without changing the scope thereof, or the cancellation of claims from the application, without forwarding to the supervisory patent examiner for approval." Therefore, Applicants solicit for consideration of the Primary examiner to make examiner's amendment. If making examiner's amendments is not feasible, please amend the above-identified application as described above to correct for the formal matters.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Sincerely yours,

/Winston Hsu/ Date: 03/17/2010
